Failing prompt receipt of the amount requested, the buyer's rights will be forfeited. As postal bids come to hand, lot numbers and bids will be noted in order of receipt and if identical bids are received, the bid that arrived first will take precedence.

It is the responsibility of all purchasers to obtain the necessary permits to procure before any restricted or registered items can be uplifted.

Postal bidders are advised that the parcels for successful bids are wrapped, and addressed, on the day after the auction. Costs are committed at this stage, in terms of Track Pack bags. Changing your instructions for delivery can create issues and added costs that may need to be recovered from the buyer in these circumstances.

Postal bidders - Our preferred method of payment is direct credit (online banking) or cheque. The Branch bank account details can be found on the Postal bidding form.

Please note: Firearms will only be delivered to your Dealer or someone holding a dealer's license

All purchasers of Firearms by Postal bid will receive an invoice for their purchases and must provide their Police Mail Order Sales form and payment (if not made by direct Credit) before any items will be dispatched.

Conditions of Sale

Although every effort has been made to describe each lot accurately no warranty is given. Neither the Auctioneer, NZ Antique & Historical Arms Association, Canterbury Branch Inc, nor the vendor is responsible for the authenticity of any item or faults in any lot. Some lots are sold as collector's items only and are not sold as suitable for any other purpose. We cannot accept any responsibility if items are not in working order and no internal inspection or tests of mechanisms has been made. Buyer beware applies.

German and Nazi Items

Due to the large number of reproductions, including some apparently made from original moulds and dies, no guarantee of authenticity can be given.

While items are catalogued with care, all purchasers including postal bidders must satisfy themselves as to the authenticity of any lot.

The highest bidder shall be the buyer at the "Hammer Price" and any dispute shall be settled at the Auctioneers absolute discretion.

Payment & Buyers Premium

A Buyers premium of 10% (maximum of \$100 per item) is payable on all purchases, on the "Hammer price" for items purchased through the auction (incl postal bids) and on the realised price of items sold from passed in items. Note there is no GST charged.

Bidders attending the auction will be required to pay for the lots (including the buyer's premium) during or at the conclusion of the auction by cash, cheque, EFTPOS, or credit card – Visa, MasterCard

Please note: Due to the cost of Credit Card/EFTPOS charges by the facility, the Canterbury Branch will be recovering a 1.5% fee on all payments made by credit card and EFTPOS at the auction.

Please note: Payment for postal bids is available by Direct credit (online banking), or cheque

The Canterbury Branch of NZAHAA Inc will ensure all care is taken during the transport and storage of items. However, the agreement between the branch and the vendor, indemnifies the branch from any loss or damage to items that is incurred.

All lots become the responsibility of the purchaser at the fall of the hammer and the Canterbury Branch of NZAHAA Inc takes no responsibility for any loss or damage incurred after that time.

Ammunition & Firearms Purchases. Under the 1983 arms act, all postal purchases of firearms and ammunition must be approved by your local arms officer on the approved form (43a). The police will then forward the form to the vendor. One way around these provisions is for you to arrange for someone attending the auction to buy on your behalf and carry under the provisions of their own license.

For Endorsed items an Arms Officer will be available at the auction from 2.00pm.

Note: The arms officer is there to issue endorsed item permits not to answer questions on the current firearms reforms in progress.
