For example, if you put \$100.00 and the bidding stops at \$50.00 on the floor then you will get it for the next bid up which in this case would be 60.00 plus commission

The Auction Collectable Extras works a little differently

For example, when you put a bid on this item your bid stands so if you bid \$50.00 then you will pay \$50 plus commission. Tender bids can be done on either at the viewing on the Friday or on the day of the Auction. It closes at lunchtime Saturday 2nd September

Both Auctions use the same bidding form as everything has been given a lot number
